### ***Dynamics & Methodology:***

The methodology we use is the Participatory Strategic Planning Process Method in Planning, Formulation, Implementation, Monitoring and Evaluation Process in the various socioeconomic and Empowerment activities. As we plan to have any socio-economic and developmental and empowerment programmes in any sector in the villages and in the slums, we do an initial baseline survey in the concerned proposed area. This is preceded by the Inquiry Process with the village and local leaders and the elected representatives of the area as to what are the needs of the locality and the target population. Then a Need Analysis is done so that the interventions will be need-based and need-specific. Then we do the Participatory Strategic Planning and also the Appraisal. Once these steps are followed, we do the Proposal Formulation which is again put back to the people for information and evaluation and feasibility study. After that the Proposal is sent to the concerned funding partners and activities are taken up.

## Description of the Activities of Chithra Don Bosco.

### EFFORTS TO ELIMINATE COVID –19 AND ITS EFFECTS IN THE DISTRICT.

COVID-19 as of now has been proved to be a real life destroyer and this was first offhandedly experienced by the 8 member team that ventured for the first time out of the house to lend out a helping hand, though there is only one person so far officially declared by the Government in quarantine in Chitradurga. The team unanimously agreed as they put their steps into the open field near the Railway station where almost 24 families are staying in tents and all of them are from Bihar, came to Durga almost a month back and now due to the situation are not able to make home. It was at this moment the RF of Chitradurga in the person of Mr. Sandeep reached the spot and upon inquiry he congratulated us and invited us to meet the Tahasildar Mr. Venketesh

tomorrow in order to choke out and avoid duplication of distribution and we requested him to make water available for the slum dwellers to which he immediately agreed upon. Later

after distributing and instructing the people not to waste and make use of the given facilities we went over to Hosanayakkara Hatty a village in Hiriyur Taluk, almost 35 kms from Chitradurga, wherein people were not seemed to be worried about Corona or Covid-19 and living their life normally but few families in real agony as they have now no means to make both ends meet. We also instructed them and distributed about 20

packets and came away. Thanks to BREADS and the very many persons especially our dedicated Staff and Chitradurga Don Bosco Community who stood by us and encouraged us.

Find Below a detailed overview and data of our efforts.

## ANNUAL REPORT OF CHITHRA DON BOSCO 2019-20.

### 02. Formation, Nurturing and Developing of Quality SHGs.

From then on with the support of many a kind hearted persons and organizations we have moved on to be at the service of thousands of persons who needed our utmost care and support. Below is a brief report of the same. We have been able to retain and continue our services towards 156 quality SHGs of poor rural women who are living below the poverty line as well as those in vulnerable situation. The number of families that are covered through these SHGs is 150 families. These are spread over in the villages and in the slums. The numbers have dwindled due to the presence of Micro-Financing Companies, who have disturbed much the community based development works, esp. the women SHGs and also due to the neglect of the staff members in earlier days. Follow-up is regularly done through weekly meetings and our staff visit them every fortnight. The leaders' meet every month. The necessity and functional benefits of the Federations are questioned.

### 03. Supervised Evening Study Centres.

Supplementary Education programmes in 13 villages are being conducted for the children in the villages and in the slums as the coaching in the school is very poor and also to make sure that there is reduction in school dropout rate. It has an attendance of 630 children from 1st to 8th standard. The local Government schools in the villages have been very encouraging and supportive to our initiatives.

### 05. Summer Camps.

Summer Camp is one of the main activities of CHITHRA Don-Bosco. In the month of April and May the camps were conducted in villages where we have our

evening study centers and also in other places where we are not actively present. Our Cream staff, Brothers showed their effective affords to make the Children learn more about moral, cleanliness, drawing, painting and other activity games. The camps were in Kalkunte, Ingaldal, JC Halli, Bovi Colony, Chelgudda Molakalmuru Taluk, from Chitradurga District.

### 08. Income Generating Programme : (IGP)

The project envisages to train poor SHG women in Leadership, Team Work, Entrepreneurship, Product making skills, branding, etc along with Market survey and thus empower them to grow economically. This is done through channelizing their limited financial resources, time and skills. We give support to every SHG to develop and achieve their aims or goals. Our focus is mainly to train the women to

increase their income. Chithra along with the resource persons has imparted training on food products, handicrafts, technical methods in agriculture, animal husbandry, Azoles cultivation, nutritional food processing and many other trainings so that the women from urban and rural areas can elicit their entrepreneurship skills. IGP also briefs SHGs about planning, time management and budget management in the business.

## ANNUAL REPORT OF CHITHRA DON BOSCO 2019-20.

### Sheep Rearing Project:

Chithra Don Bosco has promoted sheep rearing project to reduce poverty through pro-active participatory income generating of rural women in goat/sheep rearing. Sheep rearing has been found wonderful in respect of paying back the loan and earning additional income by selling the sheep. Women especially widows and those heading the family responsibility and SHGs can establish small-scale income generation programmes.

## ANNUAL REPORT OF CHITHRA DON BOSCO 2019-20.

### In Conclusion

Chithra Don Bosco looking back, looking front from the present realizes that it has made its beneficiaries empowered and realizes that its human intervention approach has been really appreciated. At the same time we have to set new targets and goals based on the need of the communities that we want to serve, esp. with Ecological concerns and Human Development Concerns. Towards greater service we intend to walk. At this juncture we also would like to express our heartfelt gratitude and appreciation to all those in a very special way the whole dedicated team of CHITHRA DON BOSCO, The Chitradurga Don Bosco Community, BREADS, Bengaluru and many others who in their own great ways have contributed to our growth as well as made us capable of doing all that we have enumerated and much more. Thanks to everyone and we also request your continued support and assistance in every future endeavours too.
